## Projects

### Todo App List

<https://javeria-farooq.github.io/todo-app>

I have developed a to-do list app that is fully responsive and functional with the help of HTML, CSS, and JavaScript. It takes user input and adds it to its tasks list. If the user completes its task, it becomes marked, and if the user wants to remove its task from the task list, it can be deleted.

### Rock, Paper, and Scissor Game
